

DAVAKHAR INFRASTRUCTURE

Pvt Ltd

Job Title: Senior Civil Engineer

About Davakhar Infrastructure

At Davakhar Infrastructure, we are redefining real estate development with a steadfast commitment to excellence and innovation. With one successful project already delivered and another on the horizon, our mission is to create spaces that offer not just a place to live, but a vibrant community where dreams take shape.

Job Summary:

We are seeking a highly skilled and experienced Senior Civil Engineer to join our dynamic team. The ideal candidate will have 8-10 years of experience in the construction of residential and commercial complexes and possess strong technical, leadership, and project management skills. The role requires overseeing project execution, ensuring quality control, and coordinating with various stakeholders to deliver projects on time and within budget.

Key Responsibilities:

- ❖ Plan, design, and oversee the construction of residential and commercial buildings.
- ❖ Ensure project execution aligns with design specifications, codes, and regulations.
- ❖ Monitor and control project costs, schedules, and quality standards.
- ❖ Lead site engineers, contractors, and subcontractors to achieve project objectives.
- ❖ Conduct site inspections and resolve technical issues in a timely manner.
- ❖ Review and approve construction drawings, material specifications, and methodologies.
- ❖ Coordinate with architects, consultants, and clients for project planning and execution.
- ❖ Implement safety and environmental guidelines at project sites.
- ❖ Prepare progress reports and present updates to management and stakeholders.
- ❖ Assist in contract management, vendor negotiations, and procurement activities.

Qualifications & Skills:

- ❖ Bachelor's Degree in Civil Engineering (Master's degree preferred).
- ❖ 8-10 years of experience in residential and commercial construction projects.
- ❖ Strong knowledge of civil engineering principles, construction materials, and structural design.
- ❖ Proficiency in AutoCAD, STAAD Pro, MS Project, and other relevant engineering software.
- ❖ Ability to manage multiple projects simultaneously and work under tight deadlines.
